

REDEFINING ELEGANCE

THE INNOVATION OF THE SPECIAL PRONG

Italian design - Made in Italy quality

THE SPECIAL PRONG

A NEW CONCEPT OF BUCKLE

Thanks to the exclusive raised prong, the buckle itself becomes the functional and aesthetic **heart** of the belt.

Each buckle is made with **high-quality** brass, chosen to ensure strength and durability. Production is entirely carried out in our facilities in Bologna.

Every stage, from milling to welding the buckle, through to the finishes and manual polishing, is handled with meticulous attention to detail.
